

## Jiv Daya and Anukampa Donations 2019

The committee had agreed that all **Anukampa & Jiv Daya** funds collected during Paryushan 2019 shall be donated to **“Leicester Children’s Hospital Appeal”** and the **“Leicester Wildlife Hospital”** respectively.

Thus, a few of us went to Leicester Royal Infirmary on 11<sup>th</sup> November to present the cheque towards this worthy cause. East Midlands is currently the only region in England without a dedicated, single-site children’s hospital. Your contributions shall definitely go a long way to help transform children’s services and create a state-of-the-art children’s hospital.

On a similar note, we bought food, comfort and medical equipment for the rehabilitation of the sick, injured, orphaned and distressed wild animals and birds the wildlife hospital caters for. Amongst others, there were geese covered and traumatised by motor oil found in rivers. It was humbling to see the work carried out by the volunteers in caring for the animals before releasing them back into the wild.

The committee wishes to thank all those individuals who donated generously towards these two charities.
